

UNIONS TO MAKE WATER DECISION FINALLY TONIGHT

Trades Council Expected to Thresh Out Whole Problem at Meeting.

Whether Oklahoma City labor will in favor or against the \$1,000,000 water bond issue probably will be decided Thursday night at the regular weekly meeting of the Oklahoma City Trades and Labor Council at Musicians hall.

On several occasions speakers have appeared before the council, presenting both sides of the proposition. On the first occasion that a pro-speaker appeared the council reserved an expression until the proposition could be investigated thoroughly.

Since then letters have been addressed to the city administration requesting information as to plans for the water project and expressions as to whether or not all home union labor would be employed on construction work.

It is said that the answer to the last feature was unsatisfactory, although union leaders will postpone an expression until after the meeting Thursday night.

Governor and Representative Have Hot Race

Former Governor Hooper (top) and Congressman McKellar. The senatorial situation in Tennessee is regarded as a possible opportunity for the republicans. Congressman McKellar recently won the democratic nomination in a three-cornered fight with Senator Lea and former Governor Patterson. Former Governor Hooper has been named by the republicans as their candidate.

SINCLAIR STOCK TRADED ACTIVELY

Several Thousand Shares Sold in New York at Between 47 and 49.

SOON WILL BE LISTED

Refiners Expect Gasoline Prices to Increase With Summer's Coming.

TELESA, Okla., May 11.—(Special.)—According to reports from New York active trading in the shares of the Sinclair Oil & Refining corporation has been going on for more than a week on the curb on a small scale and several thousand shares have been traded in between 47 and 49. Although the company has not yet made application for listing on the curb this sale has automatically sprung up. As the result the syndicate of bankers composed of White & Company, Kissel, Kennell & Company, Montgomery, Clothes & Teller, Trank & Company, and I. & W. Seligman Company will apply for listing on the curb very shortly.

E. Roger Geary, vice president and manager of the Sinclair Oil and Gas company, the producing part of the new company, has returned from New York and has opened his office for business. The Sinclair Oil and Gas company has great plans for the future and Mr. Geary is putting them in motion at once.

Gasoline Situation Stronger. With the return of the warm weather and the attendant greater consumption of gasoline the prices of Oklahoma and Kansas are looking for a better price to prevail than has obtained for the past few weeks. The announcement that the Union Refining company is again in the market with 64 gravity gasoline to which will help the attention given as the foreign market has been practically closed for some few weeks.

The best price quoted on 64 gravity for export is 18 cents in tank car lots and the refiners will no doubt manufacture more of that gravity from now on as there is no demand abroad for 64 gravity.

For domestic consumption, however, that grade is generally called for and from 18 1/2 to 22 cents is obtained in tank car lots.

Heavy weights of 34-35 gravity for domestic consumption is 14 1/2 to 15 cents and 36-37 gravity is quoted at a cent higher.

Distillate of 46-47 gravity is quoted at 4 1/2 cents, 42-43 gravity is selling at 3 1/2 cents and 32-34 gravity is selling for 2 1/2 cents.

Water white or kerosene is selling for 23 cents but there is not much movement in that product at the present time.

While the present prices are lower than they have been for months it is expected that the large consumption which will soon start in the east will have the tendency to put the price up a little and that this will be a most prosperous summer for the refiners of this field.

Refiners Expanding. In addition to the new plant of the Roxana Petroleum company which will be built in the Cushing field and will have a capacity of 10,000 barrels daily, and the Mid-Kansas Gasoline company at West Tulsa, with a capacity of 1,500 barrels daily, the T. H. company announces the erection of a plant in the shallow fields which will make a combined gas. This company is composed of Sam Travis of Tulsa and Louis Hentel of Kansas City.

Larrabee Brothers, who took over the old refinery at Nottale, Kan., have the plant operating and are running about 1,500 barrels daily.

The Carter Oil company's plant at Yale will be of 20,000 barrel capacity instead of 10,000 barrels as announced. The Pan-American Refining company is building a refinery at West Tulsa which will have a capacity of 1,500 barrels daily.

The Constantin Refining company at West Tulsa is doubling its capacity and will handle 9,000 barrels daily when completed.

The Pierce Oil corporation, which has a capacity of 10,000 barrels but which is only running 6,500 barrels daily, is building a new plant in addition to the skimming plant.

Cruden & Company, which recently added a wax plant of 200 barrels capacity to its big skimming plant at West Tulsa has ordered material and will double the capacity of the wax plant.

DRY AT 2,400 FEET. ALGUSTA, Kan., May 11.—(Special.)—The test of the Mid-Kansas Oil company in section 21-28-4 is dry at 2,400 feet. It is being deepened.

In section 8-25-4, the test of Sinclair & Markham is drilling at 2,900 feet and has no showing.

OFFSETS BIG WELL. EL DORADO, Kan., May 11.—(Special.)—The test of the Whyte Oil company in the southwest quarter of section 27-14-1 is showing for 400 or 500 barrel well after the show. It offsets a big well of Preston and associates.

The test of Al Derby's in section 17-25-3, was hailed out and the hole deepened 16 feet, the oil filling up the hole again. It has the appearance of a good producer.

ELIMINATES EXTENSION. BLACKWELL, Okla., May 11.—(Special.)—The test of the Duluth-Oklahoma Oil company in section 1-28-1 west found the sand from 1,427 to 1,440 feet without any oil in it and went into salt water at 2,400 feet. It is being deepened.

This test is almost two miles southwest of production and almost eliminates the possibility of an extension in that direction.

The Carter Oil company's test on the Hirsch farm in section 4-27-1 west is drilling close to 2,500 feet and showing nothing. It looks like a failure.

DRILLING AT 2,600 FEET. OLIVE, Okla., May 11.—(Special.)—The test of the Prairie Oil & Gas company in section 25-14-3 is drilling at 2,540 feet.

GAS PRESSURE DELAYS TEST. BILLINGS, Okla., May 11.—(Special.)—The test of the Mid-Co Petroleum company in section 22-23-2 west is drilling at 1,800 feet. Heavy gas pressure has delayed the completion of this test.

The Humphreys Petroleum company's test in section 17-24-1 west is making some gas in a sand from 470 to 500 feet.

FIRST TEST 25 BARRELS. DEWEY, Okla., May 11.—(Special.)—The Hill Oil & Gas company's No. 2 well in the southeast quarter of section

MINERS OUTLINE WAGE DEMANDS

Representatives of Five States, Including Oklahoma, in Session.

KANSAS CITY, May 11.—Representatives of the United Mine Workers of America from the three southwestern districts, embracing Missouri, Kansas, Oklahoma, Arkansas and Texas, were here Thursday preparing for a conference at which wage demands will be formulated. The wage contract now in effect will expire July 31 and the miners will present new demands for another contract at a meeting with representatives of the southwestern coal operators association here next week.

CLEVELAND WRECK DUE TO FOG, WHICH HID SIGNAL

WASHINGTON, May 11.—The New York Central wreck near Cleveland, Ohio, March 28, in which twenty-seven persons were killed and forty-seven injured was due, the interstate commerce commission reported Thursday to the failure of Engineer Heas to see the signals or to read them properly on account of dense fog in which his train was running.

SAN FRANCISCO OPERATOR BREAKS WIRELESS RECORD

SAN FRANCISCO.—A new sea radio record was established recently. It is said when the operator in the San Francisco beach station of the Federal Telegraph company picked up the position of the steamship Sierra en route from San Francisco to Sydney, Australia, 4,770 miles from port.

BEATY IS AFTER COURT CLERKSHIP

Present Official Has Made Good Record in His Office.

James Beatty, court clerk since early in 1915, filed his name with the county election board today as a candidate for the democratic nomination to that office. Since Beatty has held the office 2,710 new lawsuits have been filed in the district court since. When he went into the office, he established a rule whereby the court costs in every civil case must be paid before the counts paid out the money. In but one case has the county lost any court costs. That is in the case of Allison v. Tula, against Lee Chase, then attorney Allison, who lost the county 14. Beatty has caused an execution to be issued and will collect that amount, he says.

George Barnett, who resides at 217 West Fifth street, filed today as a candidate for county commissioner from the Third district. He is a democrat. Mr. Barnett was county commissioner from one term, up to two years ago.

Daso McCarty, Democrat, 314 West California avenue, filed for justice of the peace, John A. Dimes, Democrat, 304 West Twenty-sixth street, for constable, J. F. Brown, Democrat, 109 West Seventh street, for sheriff.

Y. M. C. A. MEETING BIGGEST. CLEVELAND, Ohio, May 11.—Delegates expected to number 3,000, the greatest Y. M. C. A. delegation ever known, are arriving for the opening Thursday of the thirty-ninth triennial international convention of the Young Men's Christian association. The convention will continue until Tuesday.

Table with 2 columns: Destination and Rate. Includes Colorado Springs (\$28.00), Denver (\$28.00), Pueblo (\$27.40), Salt Lake City and Ogden (\$43.00), Kansas City, Mo. (\$17.20), St. Louis, Mo. (\$24.10), Chicago, Ill. (\$35.20), Minneapolis, Minn. (\$36.20), St. Paul, Minn. (\$35.20), Duluth, Minn. (\$41.38), Detroit, Mich. (\$43.00), Washington, D. C. (\$52.20), Atlanta, Ga. (\$38.90), Pocatello, Idaho (\$50.00), Las Vegas, N. M. (\$30.40), Atlantic City, N. J. (\$50.25), Buffalo, N. Y. (\$51.00), New York City, N. Y. (\$61.50), Asheville, N. C. (\$40.25), Cincinnati, Ohio (\$40.10), Toledo, Ohio (\$41.85), Toronto, Ont. (\$51.90), Philadelphia, Pa. (\$57.00), Pittsburgh, Pa. (\$47.00), Montreal, Quebec (\$64.10), Chattanooga, Tenn. (\$53.50), Nashville, Tenn. (\$52.70), Galveston, Texas (\$50.35), Montpelier, Vt. (\$64.00), Madison, Wis. (\$30.40), Milwaukee, Wis. (\$37.75).

Summer tourist rates apply to many other points not shown above.

Dates of sale May 15th to September 30th. Final return limit on all tickets except to Galveston, Texas, October 31st, 1916.

Return limit on tickets to Galveston 90 days from date of sale.

For tickets and sleeping car reservations call at Union Ticket Office, 131 West Grand Ave. Phone Walnut 841 or at Santa Fe Passenger Depot, Phone Walnut 2561.

TOM HOYLAN, Passenger Agent

The Bigger The Task

the greater the demand upon brain and body. For keeping the mental and physical forces fit, right food is necessary. It must supply certain mineral elements stored by Nature in the field grains, but lacking in much of the food of the usual dietary.

Grape-Nuts

made of whole wheat and malted barley, supplies all the rich nourishment of the grains, including those vital mineral elements which are all-important for building sturdy brain, nerve and muscle.

For the bigger work of tomorrow—Grape-Nuts.

"There's a Reason"

Sold by Grocers.

AEROPLANES NOW GET SIGNALS BY WIRELESS

LONDON, England, May 10.—The first test of the Sinclair Oil & Gas company on the Kewes farm in section 28-17-7 is making 225 barrels in the Bartlesville sand.

HEALMONT, Kan., May 11.—(Special.)—The test of the Wichita Natural Gas company on the Lewis farm about two and one-half miles north of this city has 10,000,000 feet of gas at a depth of 1,360 feet. It will probably be drilled deeper.

MRS. GOODWIN IS CHOSEN HEAD OF WOMEN'S CLUBS

Federation at El Reno Selects New Officers in Five Minutes.

Oklahoma City was selected as the next place of meeting for the Second district federation of women's clubs at its session this morning in El Reno. Just prior to the adjournment of one of the most harmonious sessions ever held.

The selection of officers Wednesday afternoon was accomplished in five minutes, as follows: President, Mrs. Charles W. Goodwin of Clinton, Okla., vice president, Dr. Winnie Sanger of Oklahoma City, recording secretary, Mrs. Tom H. Ferguson of Watonga, treasurer, Mrs. Moses Wood of Edmond, auditor, Mrs. J. B. Doolin of Alva, parliamentarian, Mrs. Spencer Hilton of Anadarko, re-elected.

The evening session Wednesday was featured by an illustrated lecture by Prof. Maurice E. Muhl of the geological department of the state university at Norman on "Prehistoric Life in Oklahoma," an excellent musical program presented and followed the lecture.

Thursday morning reports were heard from thirty-five clubs, an increase of seven over last year, also the reports of the standing committees. Greetings were received from Mrs. John A. Fair, state club editor, who was unable to be present.

The session closed at 1 o'clock and the delegates left for their homes, enthusiastic over the royal reception given them by El Reno citizens.

GUTHRIE DEBATERS IN CONTEST HERE FRIDAY

Kenneth Kinsale, Norton Lewis and Elmer Richard are the members of a debating team which will meet a team from Guthrie high school in the auditorium of the Oklahoma City institution here Friday night in one-half of a dual debate. Leland Bensch, Harry McMillan and Robert Hodges compose the team which will meet Guthrie on its own ground.

On May 18 Elizabeth Nichols, Georgia France and Mildred Deets of the Oklahoma City school, will go to Guthrie to debate with a team of Guthrie girls upon the proposition: "Resolved, that the United States should permanently retain the Philippines."

FUND FOR SUBMARINE BASE AT PANAMA ASKED

WASHINGTON, May 11.—Secretary Daniels and Baker and the Panama canal authority have joined in a recommendation to congress for an appropriation of \$2,200,000 to strengthen bases at the Panama canal to be immediately available.

It is reported that the Panama canal authority has been at a disadvantage because while able to transmit messages they have been unable to receive them in the case of the engine dropping out the wireless signal. Now we are able to strengthen the receiving signals sufficiently to receive messages to be taken.

TUBERCULOSIS PROBLEM UP

WASHINGTON, May 11.—Interstate control of the tuberculous problem was one of the principal subjects for discussion here before the National Association for the Study and Prevention of Tuberculosis Thursday.

WORKMAN HURT AT CAPITOL

Henry Hanks, age 37, fell fifteen feet from a scaffold at the new state capitol shortly before noon today. He was taken to St. Anthony's hospital. He was not badly injured.

ALL EVIDENCE IN GORBY SUIT

With the completion of the introduction of testimony in the Gorby suit, the evidence is complete. It is now expected that the \$100,000 damage suit of Mrs. Minnie Gorby against W. B. Gorby, a chiropractor, will go to the jury some time tomorrow. The plaintiff called Dr. A. L. Hahn, Dr. John W. Drake, state health commissioner and Dr. A. Sogola, to testify this afternoon in rebuttal, after which the arguments will be made.

KENYON BEGINS THIRD DAY OF HIS SPEECH

WASHINGTON, May 11.—Senator Kenyon began Thursday the third day of his attack on the river and harbor appropriation bill in the Senate.

FUGITIVE CONVICT CAUGHT

Clayton Mills, fugitive, was arrested by Detective John Hepp at noon today. Mills is alleged to have escaped from the state prison at McAlester about a month ago, and no trace of him had been found until Wednesday night. Mills was sent up on a burglary charge for seven years.

ANTE-DILUVIAN

Chicago.—He is only one in a hundred. (Last year's model, repeated.)

TAKES THE PLACE OF DANGEROUS CALOMEL

New Discovery! Dodson's Liver Tone Acts Like Calomel But Doesn't Gripe, Salivate or Make You Sick—Don't Lose a Day's Work—Harmless Liver Medicine for Men, Women, Children—Read Guarantee!

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out" if your liver is torpid and bowels constipated, or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight. Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the safe of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.
